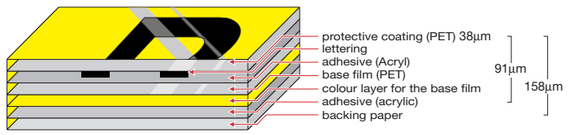
P-touch 18R

Longer Lasting Labels

Brother's unique, patented TZ tapes are designed to be extra hard wearing. Tests have shown that these scratch-proof labels can withstand heavy abrasion, electrical resistance and lengthy exposure to chemicals, sunlight, water and extreme temperatures from -50°C to 300°C. Brother laminated tapes consist of six layers of materials, resulting in a thin, extremely strong label. Characters formed with thermal transfer ink are actually printed onto the underside of the laminate. Sandwiched between two layers of PET (polyester film) this lets you create characters that are virtually indestructible.

Brother Laminate Tape Construction



LAMINATED BROTHER TAPES WITH PATENTED BROTHER UNDER-TAPE PRINTING

Tape Options

- Options include standard laminated tape including fluorescent and transparent options. Specialist tapes include Non-laminated, Matt, Strong Adhesive, Security Tape, and Flexi ID. All are available in varying widths, character and tape colour options.
- Tape widths of 6, 9,12mm and 18mm
- Standard tape length of 8m*

*Providing approximately 100 labels.
(based on 10 characters & standard label length 8cm)

Tape Colours

NB. Not all tape colours are available in all countries.

Technical Information

Hardware

Housing Dimensions	149 (W) x 52 (D) x 122.5 (H) mm
Housing Design	Compact handheld or desk top machine
Housing Weight	580 g (w/ rechargeable battery)
Housing Color	Blue & Silver
Keyboard	Compact Qwerty/Qwertz/Azerty
Cutter	Automatic Full Cutter
Power	Ni-MH rechargeable battery
	AC-Adapter (Model-H/H1)
LCD	15 chr x 2 line with font & label graphic preview
Max. Print Height	15.8 mm
Max. Character Height	14.7 mm
Tape Type	TZ - 6,9,12,18mm
Print Resolution	180 dpi
Print Speed	10 mm / sec
Included Items	**User's guide**
	Quick setup guide
	TZ-241 (blck/wht 18mm x 8 m)
	Ni-MH rechargeable battery
	CD-ROM
	USB cable
	Recharging Desktop Stand
	AC-Adapter (Model-H/H1)
Interface	USB 1.1

PT-18R System Requirements	
Operating System	Pre-installed Microsoft® Windows® 98, 98SE, Me 2000 Professional XP Home Edition or XP Professional Edition
CPU	Intel®, Pentium®, 266 MHz or higher required (700 MHz or higher recommended)
Memory	64M bytes or more required
Hard disk free space	50M bytes or more required
Monitor	800 x 600 (SVGA)/High Colour or higher graphics card
Interface	USB 1.1 or later specification
Others	CD-ROM Drive for installation

Firmware

Built in Fonts	4 (Helsinki, Brussels, Florida, Belgium)
CHR Size (Pts)	7 (S, M, L - auto-selection from 6, 9, 12, 18, 24, 36, 42)
CHR Widths	4 (Normal, Narrow, Wide, 2/3)
Type Styles	8
	Style1 (Normal, Bold, Outline, Shadow)
	Style2 (Normal, Italic) plus framing, vertical, mirror and underlining
No. of Lines	5
Framing & Fill Pattern	14

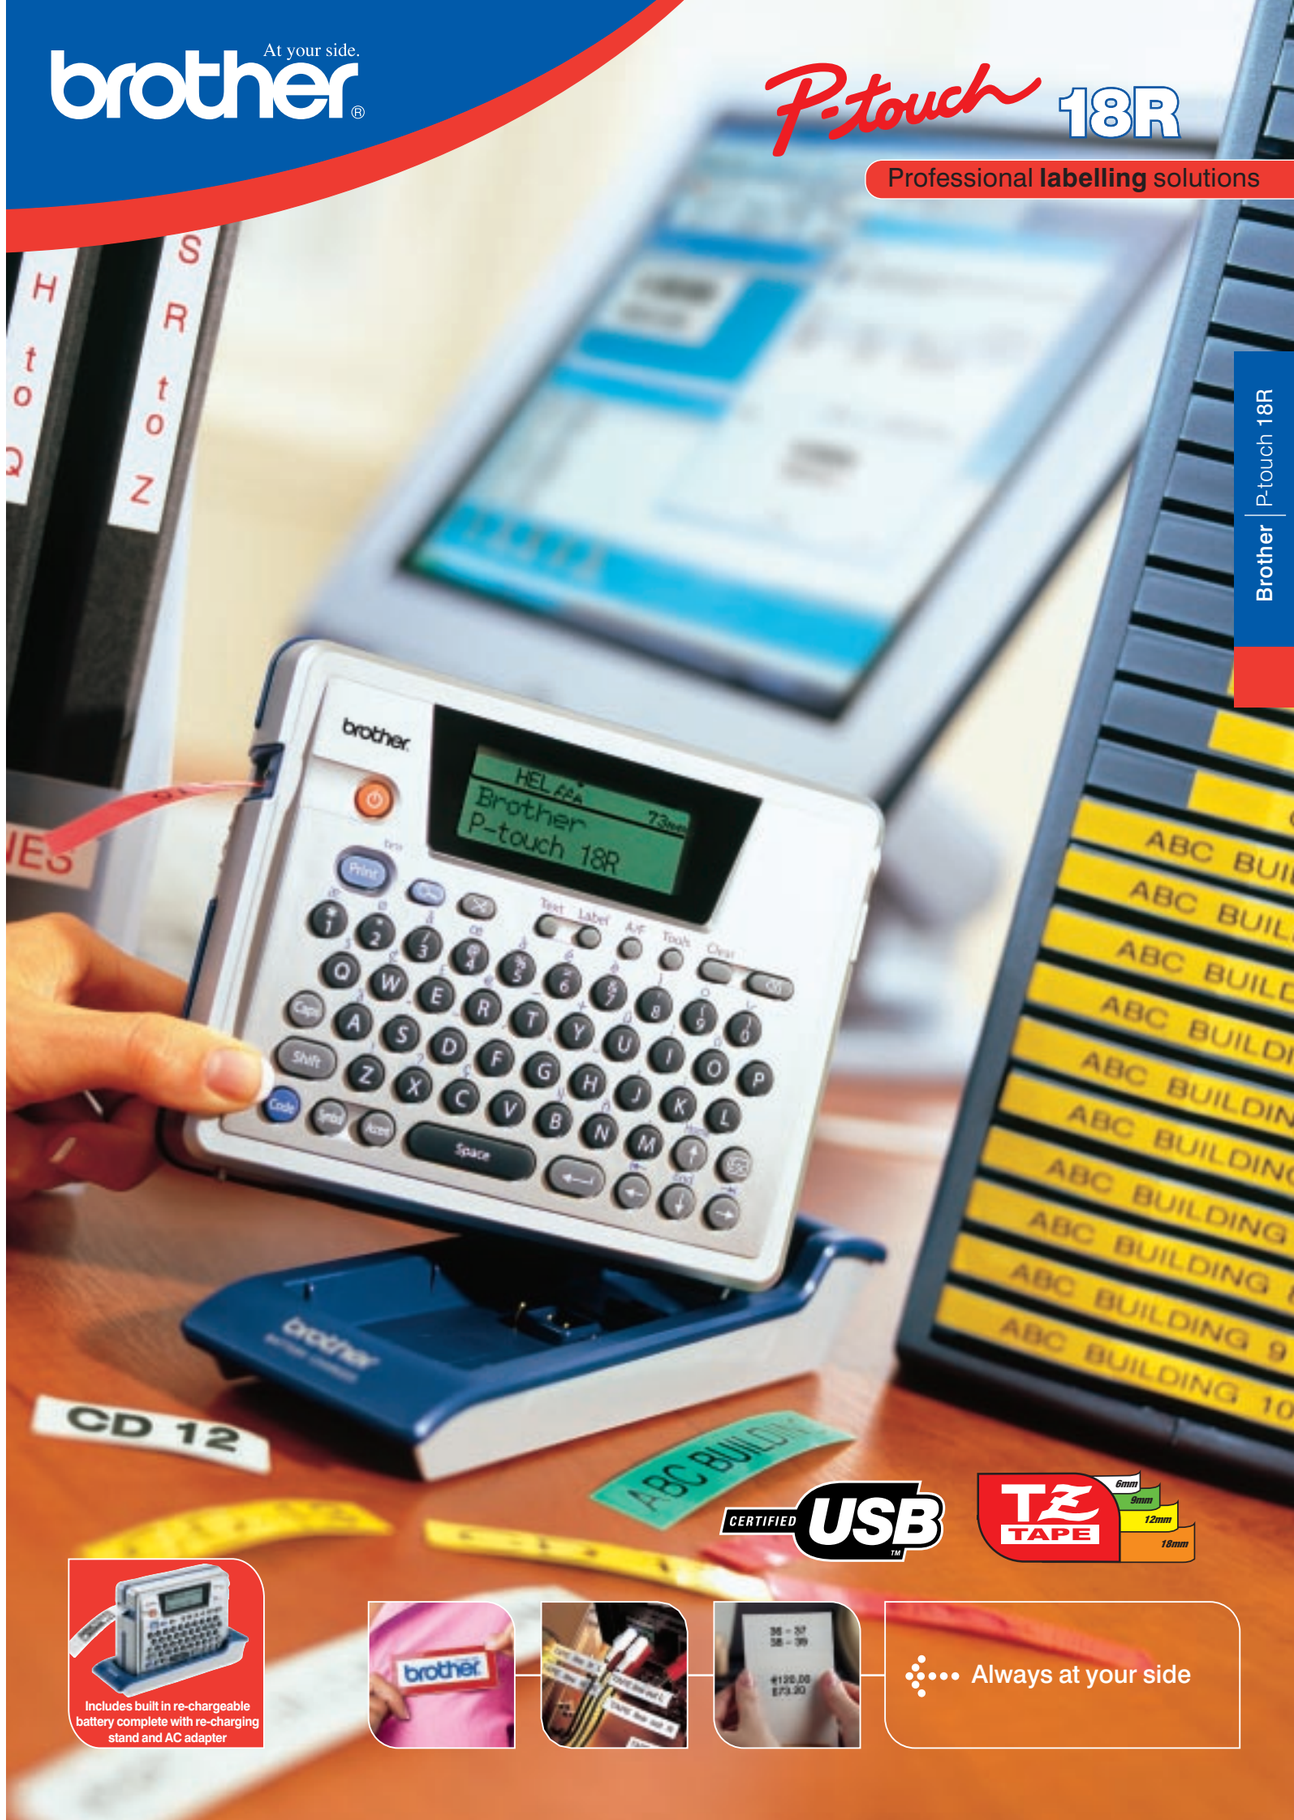
P-touch 18R

Professional **labelling** solutions

Brother | P-touch 18R



At your side.

18R Package Includes:
- Desk-top charger
- CD ROM – Label Design Software
- Black on white 8m x 18mm TZ tape (TZ 241)
- Adapter

Preview Screen enables you to see everything clearly before you print

USB port for easy connection to all the extra labelling features available on your PC or laptop.

QWERTY keyboard so everyone's familiar with the key positions

Intelligent cutting system to keep tape waste to a minimum

Battery re-charger means the machine is always ready whenever you want labels

The P-touch 18R from Brother is just what the busy office needs. It's a fully rechargeable, portable labelling machine that can be used alone or connected to a PC.

If you and your colleagues need a constant supply of quality permanent labels, then here is the solution you have been looking for. The Brother P-touch 18R is our first portable office labelling machine to sit in its own battery re-charging stand, so it's ready to use whenever you need to create labels and it can easily be passed around the office.

The 18R comes complete with an advanced range of features to make labelling simple.

Enhanced performance from simple to use software

With the facility of PC connectability, labels can be created and edited using Brother's superior label editing software, P-touch Editor 4 and P-touch Quick Editor. Installation of this software supplied with the machine is both quick and easy, and will allow you to create professional customised labels with ease. The P-touch 18R will enable you to create labels for any of the following:

Always at your side

- FILES AND FOLDERS
- CD'S AND STATIONERY
- COMPUTER EQUIPMENT
- TOOLS AND GARDENING KIT
- STORAGE
- HOBBIES AND DIY

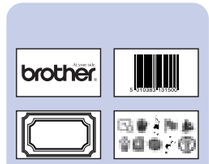
Printing that puts you in control

A large printing area makes every label easy to read, and printing on five lines means you can include as much detail as you like

When connected to your computer, you can access all of the fonts installed on your PC, or choose from four different font styles stored on the machine when used in stand alone mode

Choose up to 8 different type style combinations plus framing, vertical, mirror and underlining when used in stand alone mode.

Create labels with barcodes, frames, images, logos and much more



Long lasting labels that always look good

If you label something you want the label to look good and to last. Brother's TZ labels are specifically designed to be hardwearing

P-touch labels are ideal for use both inside and outside in all weather conditions. They are able to withstand temperatures from –50°c to 300°c, this means the labels are resistant to freezing conditions and direct sunlight so they won't fade.

P-touch labels can be created in a range of colours

As well as durable TZ tape, the range also includes the following tapes:

Strong Adhesive Tape - to give improved adhesion for those even more demanding applications and environments. In tests, this tape has shown improved performance on materials including: stainless steel, glass, PVC, acrylic, polypropylene and polyester-coated wood.

Flexi ID tape - ideal for cylindrical surfaces.

Metallic Tape - reflective aluminium effect label, ideal for use on valuables.

Security Tape - Designed to leave a checkerboard pattern, to indicate that the label has been peeled off.
